STEAM Exploration

Critical thinking skills are encouraged through project-based learning in key areas of math, engineering, technology, science and the arts.

Handwriting Without Tears

uses multisensory, developmentally appropriate strategies to increase success with early writing skills.

Developmentally Appropriate Learning Goals

Our K-Plus student's unique developmental needs are met through reinforcement in physical, academic and social skills. Their progress is monitored and shared in February and May.

Class Dojo

We utilize the app Class Dojo to share our daily classroom experiences, communicate with parents and deliver school messages.
